Gov. Fishback Discovers a Deficit in the Arkansas Treasury.

LITTLE ROCK, Jan. 25.—The newly

leg-before. The city hasn't had such a long slege of freezing snowy weather in thirty-five years. It will be remembered how the old Department got stuck by a single week of snow in the blizzard of 1888.

"I hope the people will believe that I am not at fault, and bear with me a day or two longer, when, I trust, we shall be out of trouble."

Mr. Brennan's excuses are not satisfactory to the public, however, as the number of let-ters received by "The Evening World" indi-cate, and of which the following is a sample :

To the Editor

When Mr. Beattie was Commissioner of Street
Cleaning you insisted on his removal. Now, I
doubt it say person saw the streets in such a concition in years as at present. What does Mr.
Brennan intend to do with \$2,200,000? Respectfully.

Brennan Inteller fully, New York, Jan. 26.

NEARLY FOOLED VOORHIS.

But Old Beggar Deeming Gets Two Months on the Island.

gar who has imposed on several Police Justices, receiving money from them and getting discensaged, was again arraigned at the deflerson Market Court this morning by Agent Jerome, of the Charity Organization Society.

Society.

Deeming was toiling Justice Voorhis how he had turned his property over to his young wife, who had put him out on the street, and he was collecting enough money to take him to relatives in Asteria, when Agent Jerome interrupted his flow of oratory by telling Justice Voorhis how Deeming had awindled other judyes. beeming got two months on the Island.

mill of J. W. Favors & Co., at Upatole, was blown to atoms yesterday by the explosion of the engine boiler, will Griffin, white, four-teen years old, and Titus Heath, a negro, were killed. Sendy Tinsley, John Grant and Aaron Watson were tatally injured and neveral others hurt.

Black Mud Knee Deep in Some of Strung from Thirty-sixth to Fiftyninth Street This Morning.

> To Be Tested and Operated in Day or Two.

The first cable of the great Metropolitan Traction Company's system was laid on the Citizens Protest and Brennan Says upper division of the Broadway line this norning between the hours of 3 and 4. The operation of laying the cable was est interesting sight, but was witnessed by The streets of New York are in a shock-

system of the Citizens' Commission, the started at the power-house, or present streets are and have been for several days stables, at Seventh avenue and Fifty-first street, the driving machinery fronting on Sixth avenue.

The dummy-car, drawn by twenty-four markets, and, in fact, in all the back down seventh avenue to Forty-Orth till it has become thereughts. Seventh avenue to the power-house.

ton, Church, Greenwich, Washington, West, Nulty, under whose direction the cable was qui vive for further developments.

Nulty, under whose direction the cable was qui vive for further developments.

On Jan. 22, Sig. Cucinello, manage and together with his associate engineers. workmen and the driver of the dummy gripwhere dealers have had it gathered together car found abundant cause for self-congratuia-There is a mountain range of this black stretching of the first section of the cable, mess four feet high in Futton street that extends in the middle of the road from West to which in a day or so, after having been spliced, will be placed in testing operation tion in the perfect success attending the mess four feet high in Fulton street that extends in the middle of the road from West to Washington streets.

There is a truckload of clam and oyster shells at West and Fulion streets, many barrels of garbage dumped on the roadway all around Washington Market, and last night's frost made soild ice to the level of the curbatones in most downtown gutters, where the snow of a month meited and filled the gutters to sur-

It will run cars on the division located be-tween Thirty-sixth and Fitty-ninth streets. tween Thirty-sixth and Fitty-night streets.

After leaving the driving manniery at Fitty-first street, and slot havenue it goes in a westerly direction through a large tunnel which has been built in Fitty-first street, between Sixth and seventh avenues.

This tunnel is amply large enough for men to waik through, besides accommodating the cables. It was blasted out of solid rook, and is now brilliantly illuminated day and night by a great number of electric lights.

As the cacle comes out of the tunnel at the corner of Fitty-first street and Seventh avenue, it passes around a 12-foot wheel and then starts on its course towards Fitty-night street. At this point it passes around another 12-foot wheel located in a terminal yoult at Fitty-night street and Seventh

vault at Flity-ninth street and Seventh

wheel and follows the same course, on the opposite track, back to Fifty-first street and seventh evenue, and around a twelve-foot wheel which guides it to the driving station at Fifty-first street and sixth avenue.

That was about the way an "Evening World" reporter put the case to Commissioner Brennan at his office this morning, adding some of the suggestions that have come from more or less impatient and indignant readers.

One insists that the Commissioner should get more scows to carry the streets debris out to sea, and at least 5,000 carts to remove the accumulations from the streets to the dumped in the river, or that a dumping ground be provided on shore, and another insists that the failure to clean the streets lids month to prove that "Tom" Brennan is incompetent and should resign, while all are unanimous in demanding that the streets be cleaned some way and right away.

Commissioner Brennan removed his glasses, and, turning his blue eyes upon the inquisitor, and middly:
